

Evergreen Lite Water Butt

Evergreen Lite

Evergreen Lite Water Butt

Another new space saving water butt from 3P based on the original Evergreen Rain Tank.

The Evergreen Lite's flat back means it can stand flat against a wall or a garden shed. This unique and attractive water butt is the perfect addition for small to medium sized gardens.

Evergreen Lite comes with a $\frac{3}{4}$ " brass threaded connection point for a screw in tap and a side outlet for draining or connecting to another water butt. Supplied with brass tap.
